Impact Report

VolunteerBadge

Making the World a Better Place

Meet the 184 founding nonprofits screening their volunteers with VolunteerBadge.

Published August 2026 · volunteerbadge.com/impact-report

The story so far

Welcome to the very first VolunteerBadge Impact Report. In just six weeks since launch, 184 nonprofits across 36 states have joined us — screening their volunteers safely and affordably, and pouring their hearts into their communities.

Every organization on these pages is doing the quiet, essential work of making their corner of the world a little safer and a little kinder. We built VolunteerBadge so that the cost of a background check would never again stand between a good-hearted volunteer and the people who need them — a full, FCRA-compliant check for $5, with no contracts.

This is their story. We'll publish a new Impact Report every month to celebrate the newest changemakers and the good they're doing in the world.

The causes our nonprofits serve

New this edition

The changemakers making the world a better place — in their own communities.

Dreaming of starting your own nonprofit?

Every organization in this report began with one person and a big heart. If that sounds like you, we built a free, step-by-step roadmap to help you go from an idea to a fully-fledged 501(c)(3) — choosing your cause, incorporating, earning tax-exempt status, building a board, funding your mission, and safely recruiting your first volunteers.

When you're ready to screen your volunteers, VolunteerBadge is here — a full FCRA-compliant background check for $5, with no contracts, plus everything you need to manage your volunteer program in one place.
